Sand weight

Instructions:

1. Inflate four 11" Onyx Black latex sized to 8" (20cm) and create a 4-balloon cluster. Tie to a large sand weight. Repeat to create a second cluster. Tie this cluster into the first cluster, rotating it so it nests.
2. Use a balloon straw to stuff an 11" "New Year Confetti Dots" Onyx Black latex inside a 12" Diamond Clear Quick Link. Repeat to double stuff two more Onyx Black and two Gold latex. Inflate the inner balloons to 9" (23cm). Tie the Quick Links into a chain, making sure the lettering is right-side up. Tie the bottom Quick Link of the chain into the base.
3. Inflate four 5" Gold latex sized to 4" (10cm) and make a 4-balloon cluster. Wrap this cluster in between the top 8" cluster in Step 1 and Quick Link in Step 2, rotating it so it nests.
4. Inflate four Onyx Black latex to 3" (8cm) and create a 4-balloon cluster. Repeat to create three more clusters. Wrap the clusters in between the Quick Links in the chain as shown.
5. Inflate a 30" "New Year Confetti Dot" latex with helium using a 60/40 Conwin outlet sized to 28" (71cm). Tie the neck and then tie it onto the top Quick Link.
6. Inflate eight Onyx Black latex to 3" and create two 4-balloon clusters. Wrap the clusters between the 28" latex and Quick Link.
7. Balloon shine all latex balloons as soon as you are finished.
